e-Subscribers - Distance Learning

- Develop strategies to increase influence and enhance prestige of AAPS / pharmaceutical sciences worldwide**
- Effectively distribute knowledge internationally**
- Increase awareness of AAPS within pharmaceutical community**
- Encourage and motivate scientists to become members and e-Subscribers**
- Explore benefits for e-Subscribers**

Looking Forward

**We are an American organization
with global responsibility**

- **A good-will ambassador to pharmaceutical sciences**
- **Other nations / organizations who can benefit from our experience**
- **Global alliance with professional societies**

Global Activities

- **International regulatory science workshop**
- **International tutorial workshops**
- **Interface with other international professional associations for the state-of-the art workshops and conferences**
- **Information exchange**

Strategic Visioning and Planning

Develop strategic plan to position AAPS five years from now

- How would members envision AAPS in the next five years?
- How would AAPS be prepared to meet members' aspirations?

Strategic Visioning and Planning

Mission

 **Vision**

 **Strategy**

 **Operational Planning**

 **Implementation**

Strategic Visioning and Planning

- **Define the Mission**
- **Strategic Planning & Development**

Take into consideration the area of:

- **Developing technologies**
- **Cutting edge science**
- **Biotech**
- **Global Activities**

Take into consideration membership needs:

- **Education**
- **Training**

Strategic Visioning and Planning

**Review this vision / strategic plan every year
and tweak if needed**

**Develop strategic vision to
position and carry AAPS
into the future**

**We look for your
continued support**

Thank You!
