

## 2006 AAPS President's Goals

### **Goal 1 – Sections**

- In line with the AAPS Strategic Visioning process, ensure that all sections undertake a strategic visioning process to align with the AAPS Vision, Mission and Values (including an evaluation of the science within the section.)
- As a result of Sections Strategic Visioning and approved recommendations from any task forces appointed by the president, make any necessary realignment or adjustments to the organization.
- Develop standards and metrics for evaluation of the performance of the sections.

### **Goal 2 – Sister Organizations**

- To develop the concept of a PharmSciFair in the U.S. with sister organizations, laying the foundation for planning of future international meetings.

### **Goal 3 – Student Outreach**

- Add five (5) new student chapters to AAPS, two of which will be international.
- Increase student membership by 5%.
- Visit at least ten (10) student chapters by the President, President-elect, Past President, Executive Director or other AAPS Leadership.

### **Goal 4 – Publications**

- Update the Publications Tactical Plan and continue its implementation with respect to print journals, electronic journals, and book publishing.

### **Goal 5 – Globalization**

- With the expanding market and interests in off shoring in the Far East, strengthen relationships with Japan and India and begin to build relationships with China.
