

**Proposal submission instructions for the
2010 AAPS National Biotechnology Conference
May 17 – 20, 2010**

Login: You will automatically be brought to the Login page. You will need to either sign in by selecting “New User” or “Create New User with AAPS Member ID”. Please note that if you have submitted a proposal in MIRA for another event, you will still need to create a new login and password for 2010 NBC.

On the next page you will be asked for more detailed information on yourself. Click on “Update Information” when you are finished.

Create a submission: You will be taken immediately to the submission page. Please note that you can view Session and Section Descriptions by clicking on the hyperlinks. After completing all of the categories, click “Save and Continue”.

NEW this year ... All speaker information will now be entered into a text box on the first page. We ask that you at least enter the proposed speaker’s name, country of origin and suggested presentation title, but you can put as much information as you would like. Please separate each entry by a semi-colon. If your session is accepted, you will be asked to enter more detailed information for your speakers. You must enter at least one speaker for the submission to be considered complete.

If you are entering more than one submission, you can select “Add Another Event Request” on the events home page.

You will be notified by AAPS in late July if your session has been accepted or rejected. **Please be sure your spam filter is set to allow email from DanielB@aaps.org to assure you receive your notification.**

Go to Website: <http://abstracts.aapspharmaceutica.com/nbc10>

The deadline to submit your event is July 1, 2009!
